

BLOOM LABS

PROJECT

PROPOSAL

JANUARY 2026

WHO WE ARE

WE TURN "LIKES" INTO BUSINESS GROWTH.

Market Mandate is a Sri Lanka-based digital marketing agency specializing in helping small and medium enterprises (SMEs) navigate the complex world of social media. Founded by a duo of digital natives, we combine creative storytelling with data-driven strategies to help local brands stand out in a crowded market.

We believe that in modern Sri Lanka, your Instagram feed is your new "shop window." If it doesn't look good, customers won't walk in. We exist to fix that.

Our Mission:

To provide affordable, high-impact digital marketing solutions that empower Sri Lankan entrepreneurs to scale their businesses.

THE LANDSCAPE

1 7.5 MILLION+

Active social media users in Sri Lanka.

2 VISUAL FIRST

Customers now check Instagram or Facebook for reviews and photos before visiting a restaurant or buying a product.

3 THE SHIFT

Traditional advertising (papers, flyers) is expensive and hard to track. Digital marketing allows you to target your exact customer for a fraction of the cost.

THE CHALLENGE

Most business owners know they need to be on social media, but they lack the time to post consistently or the technical skills to run effective ads.

SOLUTION

That is where we come in. We handle your digital presence so you can handle your business.

OUR SERVICES

We offer a 360-degree approach to social media marketing.

SOCIAL MEDIA MANAGEMENT

We take full ownership of your profiles (Instagram, Facebook, TikTok).

- Content Calendar: Planning posts 30 days in advance.
- Copywriting: engaging captions in English (or Sinhala) that drive action.
- Scheduling: Posting at peak times for maximum reach.

CONTENT PRODUCTION

Generic stock photos don't sell. We create original content.

- Graphic Design: Branded posts for offers and announcements.
- Short-Form Video: Editing Reels and TikToks.

PAID ADVERTISING (META ADS)

Reaching people beyond your followers.

- Targeting: Setting up ads to reach specific demographics (e.g., "People in Kandy aged 18-30 interested in Fashion").
- Budget Optimization: Ensuring every Rupee spent brings a return.

OUR PROCESS

INVESTMENT PACKAGES

We offer three standard tiers designed for different stages of business growth.

- Facebook / Instagram / LinkedIn
- 8 Static Posts per month
- 8 Stories per month
- Monthly Email Report
